CAREER OBJECTIVE

As a student with over two years of hands-on experience in full-stack web development, I have honed my skills in JavaScript and have a strong background in building marketable and responsive applications. My passion lies in solving complex problems and collaborating with cross-functional teams to drive innovation. I am eager to leverage my skills and knowledge to contribute to dynamic projects and learn from industry professionals.

Apart from this, I have also learned Python or Java programming language or am doing Flutter course for application.
